

I have a POSITIVE selftest

Go in quarantine and ask for an activation code for a PCR test

**Link to Selfassessment**  
<https://travel.info-coronavirus.be/nl/formulier/sat>

Test is POSITIVE  
7 days in quarantine  
Quarantine stops after 7 days only when symptoms are gone

Test is NEGATIVE  
Quarantine can stop immediatly

I am ill or have symptoms

Go in quarantine and fill in selfevaluation tool

**PCR test**

The selfassessment will give you a 16 digit code or you receive it via sms or contact tracing in other cases.

**You can book a test via below website**
